The quality of Maryland's public education impacts all of us. It's the cornerstone of our future. Make sure ALL of Maryland's public schools stay strong and appropriately funded - join MCCPTA and representatives from PTAs across the state for a day of action in Annapolis in support of public education. Our voices are stronger together - make them heard by the decision makers this President's Day, February 15, and keep the future bright for **all** of our kids!
