# CODERKIDS™
CREATE. LEARN. INSPIRE.

Coder Kids offers after-school computer science courses for girls and boys at CJMS now! Our innovative, self-paced courses and our low 1:4 Tutor-CoderKid ratio enables CoderKids to develop their coding skills while expressing their own interests at their own pace.

Python Coding

✓ Coder Kids set off on a coding adventure by learning to code in this popular programming language used by Youtube, Netflix, and Google.

✓ After completing this course, Coder Kids will be able to use the PyCharm Python editor to create their own Python files, run code, experiment with the Python Console, and resolve bugs. All grades and coding levels welcome.

Day/Time: Wednesdays 3:05-4:15
Dates: 10/17, 10/24, 10/31, 11/14, 11/28, 12/5, 12/12, 12/19
Classroom: Computer Lab Rm 1233
Price: $220 for 8 week program

Registration coming soon!

CoderKids create games, sites and apps with their own code and at their own pace!

WHAT IS CODING?

The core building block of all digital technologies, writing code, or coding, is used to create websites, smartphone apps, and even the software that runs your car. The world is built on code!
