CLASS DESCRIPTION

CHESSE MAGNUS CHESSE

Learn chess with Magnus Academy (formerly Silver Knights), world champion Magnus Carlsen's academy! We've taught 100,000 children to play including state & national champions, but most students are beginners looking to learn a new skill and have FUN. Class time is divided between lessons and practice games. Lessons range from the basic rules to advanced tournament strategies. Students will have the opportunity to play in tournaments (in-person and online) outside of club time. This in-person club includes free online extras including weekly practice tournaments and an event with world champion Magnus Carlsen or Judit Polgar, the best female chess player of all time. All chess supplies provided. All skill levels are welcome. For more information please visit chessacademy.com.

"FEEL THE BEAT" RED SPRINKLE

Red Sprinkle presents, "Feel the Beat!" an exciting multidisciplinary course, which seeks to introduce youth to the exciting world of music production, through experiential programming. We provide an emphasis on hands-on training, while encouraging participants to get into the rhythm with "Feel the Beat," as they will learn how to use professional music recording software, make their own music, and "produce" so much more!

PYTHON CODE ADVANTAGE

Ever wonder how YouTube, Google, or Instagram were created? Python. Python is a powerful, "typed" language that will allow students to build a series of applications and explore complex graphics, animation, and sound to become a "real world" programmer! This versatile and widely used programming language is a great next step for experienced programmers. It also offers an "on-ramp" for middle school students ready to learn to code!

ULTIMATE FRISBEE AMERICAN ULTIMATE ACADEMY

Welcome to the Ultimate Frisbee program! We focus on safety, collaboration, and exercise, using the game of ultimate frisbee as a vehicle to teach your kids the important values of teamwork and communication, all while having a blast outdoors. Our coaches deliver quality practice plans with a unique attention to individual needs, while prioritizing spirit and cooperation over competitiveness. We're looking forward to seeing you out on the field!
