CLASS DESCRIPTION

ROBOT ENGINEER OLYMPICS ROBOTHINK

It is a good program for students who have learned basic robotics as a program that requires more thinking skills, as well as students who are trying to start anew now. Through various topics, we can learn how to express and realize the mechanical and natural movements that can be seen in our daily lives through robotics. At each stage, there are new terms of robotics and algorithms of machines that need to be learned, and students solve problems with a sense of challenge. We welcome students who want to challenge constantly and use expand their meta-cognition.

"I'M A STAR" RED SPRINKLE

This exciting and interactive course focuses on the basic principalities of theater, film, and method acting. Youth will be immersed in high-caliber programming, which shall include improv, sensory activity, stage production, and more! Participants will explore the following areas:-sensory development and control, through motion-based drills, backed by high-caliber musical playlists, -character creation and development, -stage placement and direction, -set creation and production. Learn the secrets of trade from your favorite actors and fellow creatives, all while developing your very own stage production, by joining Redsprinkle: "I'm a Star!"

MUSICAL THEATER MESSAGE IN MOTION

Students will learn the meaning of a triple threat performer in this class that introduces the main components of musical theatre including voice, acting, basic music theory, and dance technique (typically musical theatre jazz/broadway style and/or hip hop.) Learn choreography and staging basics while utilizing props, role-playing, and imagination to aid in personal expression and creativity! Students will learn and collaborate on mini-musical routines from both old-school Broadway shows like Cat and Mary Poppins, to more contemporary productions and shows like Hamilton, Annie, Lion King, and more! Students will showcase what they have learned at the end of the session in the class parent show!

CHESS MAGNUS CHESS

Learn chess with Magnus Academy (formerly Silver Knights), world champion Magnus Carlsen's academy! We've taught 100,000 children to play including state & national champions, but most students are beginners looking to learn a new skill and have FUN. Class time is divided between lessons and practice games. Lessons range from the basic rules to advanced tournament strategies. Students will have the opportunity to play in tournaments (in-person and online) outside of club time. This in-person club includes free online extras including weekly practice tournaments and an event with world champion Magnus Carlsen or Judit Polgar, the best female chess player of all time. All chess supplies provided. All skill levels are welcome. For more information please visit chessacademy.com.
